

INTERN DIARY – MELISSA KIRCHNER **MAVERICK MEDIA CREATIVE DEPARTMENT**

Melissa Kirchner was our primary intern for the spring semester, 2006. This was the first semester where we had 2 interns, not just one; they were both very qualified, so we used them both. Like many UWEC students, Melissa heard about our program from "Internshipmania", the yearly program where companies like ours recruit interns from the university. Melissa started in February, 2006, working 9 hours a week Monday, Wednesday and Friday afternoons, writing spots and getting them ready for air. She also recorded satellite feeds for later broadcast.
